On behalf of the V.I.A.L. I wish to commend the coaches and schools for the cooperation and effort they put in the program the past season. I hope that the track and field program will continue to grow to the extent that all schools in the state will participate. I urge all schools to include track in their school program and have dual and triangle meets in their districts. I hope to see twice as many athletes at the meet on May 21, 1955.

C.I.A.A. Track and Field Meet will be held at Virginia State College, May 13-14.
